

## Press Release

Zevenaar, January 14

### Global Leader in Digital Construction Solutions, Construsoft, Appoints Wouter Hartemink as CEO

**Zevenaar, The Netherlands – January 14, 2025 – Construsoft, a global leader in delivering digital solutions for the construction industry, today announced a leadership transition to propel its next phase of growth and innovation. After three decades of exemplary guidance as Founder and CEO, Jan Fennema will move into a new advisory role as a board member. Wouter Hartemink, an accomplished SaaS leader with deep cultural alignment and industry expertise, has been appointed as the company’s new Chief Executive Officer.**

This leadership change marks a significant milestone for Construsoft, which operates in more than 30 countries across Europe and Latin America, including The Netherlands, Spain, Poland, Portugal, Colombia and Chile. Jan’s founding vision positioned Construsoft at the forefront of a global shift towards digital transformation in the construction sector. The company is focused on driving innovation in the construction industry by delivering advanced digital solutions as a trusted global partner with a strong local presence—building robust client relationships.

*“After 30 rewarding years leading Construsoft, it is time to hand over operational leadership and focus on providing strategic guidance as a board member.” says **Jan Fennema**, Founder and Board Member. “Wouter’s strong experience in SaaS and alignment with our company values positions him well to support Construsoft on its continued journey of growth and innovation. I am confident that, under his leadership, we will further progress in our mission of delivering advanced digital solutions to the construction industry.”*

Wouter Hartemink joins Construsoft from Spacewell, a Nemetschek company, accompanied by extensive leadership experience, an affinity for construction technology, and a commitment to upholding Construsoft’s core values. Over the forthcoming months, Jan will support Wouter behind the scenes, ensuring a smooth transition and setting the stage for continued success.

*“I am honored to step into this role at Construsoft,” says **Wouter Hartemink**, as newly appointed CEO. “Jan has built a solid foundation and upheld a vision that aligns with my own commitment to fostering collaboration, prioritizing client relationships, and empowering our team.”*

As Construsoft begins this new chapter, its core mission remains steadfast: to serve as a reliable and forward-looking partner for construction professionals worldwide. With Jan’s strategic insight as a board member and Wouter’s fresh operational leadership, the company is poised to deepen its

global impact, enhance its product offerings, and reinforce its reputation as a leader in digital construction solutions.
